

## Cargotec Marine Service

## HMD A davit emergency box

Complete spare parts kit for HMD A davits

## Emergency spare parts kit for HMD A davits

Davits are self-contained units designed for long-time operation in a tough and corrosive marine environment. Like any machinery, they have wear parts that need replacing from time to time. They are exposed to constant wind, waves and salt spray, and experience shows that they can also suffer from abnormally heavy use and sometimes less than perfect maintenance routines. Yet when a life is at stake, this same rescue handling equipment must work flawlessly.

In order to help davit owners ensure that their vital rescue handling equipment is always in top form, we have developed this complete kit full of spare parts and testing equipment for HMD A davits. Its contents are based on years of experience with these davits and with customers that push them hard.

Filled with more than 50 parts, this "emergency box" will help guarantee that davit operators are not caught off guard with a broken or aged part that is nearing failure when they suddenly need to use the davit - it could save a life.

Contents include wire pull-line, bearings, brake repair kit, adapters, seals, couplings, circlips, o-rings, filter, oil level indicator, bolt set, pressure gauge, caps, plugs, valves, an extra hand-pump, a complete accumulator test and fill kit, assorted fittings, hoses and more.

The kit comes carefully packed in a clearly labelled water resistant and easily stackable metal box. It measures 58 x 38 x 34 cm and weighs approximately 37 kg. Kits are specifically assembled for all HMD A davits listed here:

A davit	: Em	ergency box part	no
HMD A-	15	11023200	
HMD A-3	32/34 (mk3)	11023000	
HMD A-3	34/36/38 (mk2)	11023201	
HMD A-4	<b>4</b> 5	11023202	
HMD A-	50/55	11023203	
HMD A-	60	11023204	
HMD A-8	30/82	11023205	

Cargotec improves the efficiency of cargo flows on land and at sea - wherever cargo is on the move. Cargotec's daughte brands Hiab, Kalmar and MacGregor are recognised leaders in cargo and load handling solutions around the world.

MacGregor is the global market-leading brand in marine cargo handling and offshore load handling solutions. Customer different MacGregor engineering and service solutions for the maritime transportation, offshore load handling and naval logistics markets are used on board merchant and naval ships, on offshore support vessels, and in ports and terminals.
