

SB 55-101**Service Schedule for CEH - anchor and mooring winches for usage on FSU's**

2018-04-25

Rev. B

1 Scope and Target Group**⚠ WARNING**

- ✓ Always refer to the user manual for additional information and safety warnings.
- ✓ Winches to be used as minimum once per month and should be well greased during this Operation.
- ✓ Oil check for hydraulic oil should be done each year.
- ✓ Oil Level in gear boxes, planetary gear etc. should be checked regularly.
- ✓ Rust prevention should be done regularly.
- ✓ After heavy sea/bad weather conditions the winches should be checked for correct/ enough greasing.
- ✓ Check for all brake linings and in case of extreme wear off it must be replaced.

This service bulletin describes the service schedule and recommended replacement of parts in order to ensure operability of anchor and mooring winches on board of FSU's
